SIR

I wish to apply for the tool and die maker position on your company in assembling equipment that i contact you directly as we have work together. And he felt that i would be a good fit with your team.

For the past 15 years i have been working in cnc operating and cnc edm lathe machine milling machine surface grinder machines ect.I also know welding and mold making.I work in ching khong engineering works sdn bhd Malaysia.I have consistently exceeded my targets and i was recognized last quarter for outstanding service. As an avid cyclist and user of many of your products.I'm aware that tool and die company is a company tremendous potential .I am confidence that my experience tool and die skills, and ability to convey product benefits effectively would enable me to excel in the making role.

I would be delighted to discuss with you how i might be an asset to the tool and die making team. Thank you for your consideration, i look forward to hearing from you.

Respectfully yours,
